

WATTLE PARK
KINDERGARTEN

Wattle Park Kindergarten

Philosophy Statement

Wattle Park Kindergarten aims to inspire curiosity, creativity and a sense of wonder within every child, in a safe and supportive environment.

We Believe:

- Every child is a capable and competent learner.
- Children learn through play in a supportive environment where they can take risks and develop at their own pace.
- Children have a right to learn in a flexible, stimulating environment where their interests and learning are extended.
- Our small group size allows for strong connections and responsive learning relationships where educators and children learn together.
- In building genuine partnerships with families and the broader community.

Our Educators:

- Work alongside families to foster positive wellbeing and resilience in our learners.
- Acknowledge and respect diversity and build strong positive relationships with all children and their families.
- Empower children to develop dispositions for learning such as confidence, cooperation, persistence and resilience.
- Are committed to engaging in ongoing learning and reflective practice.

We acknowledge the Kindergarten is on the traditional land of the Kurna people, we pay our respects to their Elders past and present.
